

PRESTIGE 750

PROVISIONAL SPECIFICATIONS

MAIN CHARACTERISTICS

Overall Length (LOA)	22,58 M
Hull Length (LH)	20,74 M
Platform Length	1,46 M
Maximum Beam	5,46 M
Waterline Length (MLC)	18,09 M
Max water line beam	4,87 M
Draft (full load)	1,59 M
Height above waterline with T top	7,53 M
Load (dry)	41.4 T
Load (full)	48.0 T
Fresh water capacity	840 L
Grey water capacity	300 L
Black water capacity	300 L
Fuel capacity	4 400 L
Standard Engines	TWIN MAN V8 1000
Optional Engines	TWIN MAN V8 1200
Cruising speed (half load)	24 knts (with MAN V8 1200)
Maximum speed (half load)	28 knts (with MAN V8 1200)
Design Category	CE-B category – 16 pax
Hull design :	J&J Design
Interior & exterior design :	Garroni Design
Concept :	JP Concepts

HULL DESIGN AND CHARACTERISTICS

P 750 has a J&J planning hull, with a 14° deadrise angle, deep “V” bow, with -parametric spray rails.

Structural project has been developed according with Germanisher Lloyd, that has certified CE design category.

Hull, deck and superstructure are made in sandwich lamination using only vinylester resin in the external skin to prevent osmosis phenomena and DCPD resin.

Structural bulkheads are in sandwich, other bulkeads are in foam/ plywood sandwich.

POWER AND DRIVE SYSTEMS

Engines	Alternative versions
	- MAN V8 1000
	- MAN V8 1200
Consumption datas expected	
MAN V8 1200	Range @ 24kn 324 NM
	Range @ 28kn 303NM
MAN V8 1000	Range @ 22kn 336NM
	Range @ 26kn 318NM
Gearbox	As recomanded by ZF according to engine alternative
Shafts	Direct shaftline
Propellers	4 blades, diameter 860 mm for V8 1200 version
Rudders and steering system	Power assisted steering system
Bow Thruster	24 V, 300 mm diameter, 240 kg thrust

POWER AND DRIVE SYSTEMS (SUITE)

Maneuvering system

Maneuvering joysticks (main helm and flybridge) for easy control at docking, with electronic control of bow thruster and engines (and stern thruster when installed), in option.

Third maneuvering joystick position in the cockpit , in option

Trim tabs standard

Engine oil change system

MOORING

- 50 kg galvanized steel anchor with 100 m chain, 12 mm diameter (stainless steel in option)
- Reversible electric anchor winch (24V; 3.000 W), with foredeck, main helm and flybridge controls (controls on floor for up/down/captain operation)
- Stem head roller
- Bow stainless steel protection
- stainless steel bow fairleads with stainless steel protection
- Stainless steel bow, stern and lateral cleats)
- twin stern mooring electric winches in option
- stern stainless steel fairleads with rollers
- Standard Chain washing with sea water supplied by an electric pump.

EXTERNAL LAYOUT AND EQUIPMENT

FLYBRIDGE

- External stainless steel staircase with teak steps
- optional teak floor .
- Standard external cushions (2 choices)
- Lights and perimeter courtesy lights .
- Plexiglass and aluminum water proof hatch to access flybridge
- Plexiglass windscreen
- Stainless steel protection pulpit and handrails
- Fiberglass radar arch , with capacity for :
 - navigation lights,
 - radar and GPS antennas equipment,
 - TV antennas (2),
 - horn
 - GPS antenna
 - lighting protection
 - flybridge lights

- Optional Bimini
- Optional fiberglass hard top with electrical soft top
- Optional electrical Sun awning for Hard top

- Pilot console with navigation and engine control screens, including instrumentation, plus:
 - Steering wheel
 - Main engines and reversing gear levers
 - key switches for port and starboard engines
 - Rudder angle indicator
 - Horn, rudder pump, anchor winch and chain counter, searchlight, fire extinguisher controls
 - panel with warning and alarms for bilge pumps

FLYBRIDGE (SUITE)

Helm Seat for two .

- sofa, cushions and large capacity storages
- teak table for 8 people .
- 5 Optional teak chairs
- Galley with sink, hot and cold water supply, fridge, ice maker, grill and storages
- Covers for table, sofa and helm seat
- Optional crane for tender / max loading capacity 500 kg.
- aft platform suitable for optional chaises longues or tender (max length at upper end position: 3.25 m)

STERN

- Bathing platform with:
 - standard hydraulic up/down “tender launch” system – 425 kg gross max loading capacity
 - platform size suitable for a tender length 3.25 m
 - platform teak floor
 - stainless steel fender bars with rubber insert reinforcement
- Transom lazarette with manual water proof operated door .
- Stern stairs to aft cockpit, with stainless steel handrails and hatches for shore power connection and stern platform shower (cold and hot supply)
- Standard electro-hydraulic stainless steel gangway , with teak grating, automatic stations
- Optional additional stainless steel aft cleats

AFT COCKPIT

- Stainless steel handrails
- Standard external cushions (2 choices)
- Teak floor with perimeter courtesy lights
- Saloon door in stainless steel and tempered glass 4 door panels .
- Fixed teak table for 8 people , with optional covers
- LED power and courtesy lights on ceiling
- Flush deck hatch for engine room emergency exit
 - Covers for table and sofas (option)
- Optional Aft cockpit manual courtesy curtain

SIDEWAYS

- Teak floor , with perimeter courtesy lights
- Storage with GRP door, containing diesel intake on port and starboard sides on the deck
- Storages covered with teak door and step, containing black and grey waste discharges
- Stainless steel handrails on bulwark
- LED power lights on ceilings
- Tempered high thickness glass windows glued to the superstructure
- Optional Semi-automatic electric watertight door from pilothouse to port sideway

BOW COCKPIT

- Chain locker in the anchor windlass area, with:
 - two storages and handrails to fix fenders
 - chain guiding support
 - cold and hot water shower
- Teak floor with perimeter courtesy lights
- skylight with 2 opening hatches above owner's cabin
- Front seat with cushion
- sun bath with cushions
- Optional canopy
- Stainless steel handrails
- Forward windscreen in sandwich tempered glass, with UVA and IR filter films
- 2 electric windscreen wipers for forward windscreen , stainless steel arms
- Covers for sunbathing and front seat cushions.

INTERNAL LAYOUT AND EQUIPMENT

MAIN DECK

- Dining area on starboard , with table in glass/steel with 6 chairs
- Dishware and cutlery storage for 8 sets
- Bar cabinet on port side
- kitchen on port side , with fridge , counter top in Corian (or similar) and stainless steel sink and plate rack.
- Storage under counter top and sink
- Storage shelves behind the sink
- Direct and indirect LED lights on ceilings with dimmer
- Standard equipments of galley includes :
 - four induction hobs
 - combo oven / microwave
 - extractor
 - 130 L fridge + 65 L separated freezer
 - hanging furniture and cabinets .

Option :

- Dishwasher
- Wine cellar
- Ice Maker (not compatible when Wine cellar is ordered)
- 65 L drawer fridge in dining area
- 55 L drawer freezer in dining area (included in Miele 260L fridge option and not compatible with 65 L optional drawer fridge)

Optional MIELE appliances including

- MIELE 260 L fridge+ 55 L Webasto drawer freezer
- MIELE Galley Extractor
- MIELE 4 induction Hobs
- MIELE Combo Microwave/Oven

SALOON

- Optional TV cabinet with up/down lifting mechanism for a 40" LED TV
- Direct and indirect LED lights on ceilings
- Roman blinds on both port and starboard sides.
- stairs to lower deck:
- balustrade railing in glass and stainless steel

Helm station

- Dash board in leather / fabric /wood /paint combination
- Helm seat in leather with up/down electric control
- Direct LED lights on ceilings (day + night navigation lights)
- Pilot station includes, further to the instrumentation :
 - Steering wheel in leather
 - Main engines and reversing gear levers
 - key switches for port and starboard engines
 - Rudder angle indicator
 - Horn, windscreen wipers, rudder pump, anchor winch and chain counter, search light, fire extinguisher controls
 - panel with warning and alarms for bilge pumps

LOWER DECK – CREW CABIN

Layout offers :

- 1 single cabin with two beds and bathroom
- Bed with mattresses, bedspreads and pillows
- Wardrobe
- Direct LED lights on ceilings
- Opening porthole with mosquito net
- Storage underneath one bed
- Cabinet with shelves on stern and starboard side
- Optional combo washer dryer
- Optional wash & dryer machines *
- Weather tight door to engine room

**restriction according to order option list*

CREW BATHROOM

sink
mirror
cabinet
WC
shower

MASTER CABIN

- King size bed with complete storage underneath and drawer
- Mattress, bedspread and pillows .
- Two nightstands in wood with drawers .
- Side cabinets storage with drawers and cabinet doors
- Vanity desk with leather folding top including mirror and vanity items storage
- vanity desk easy chair Leather or fabric and steel or wood
- Wall lamps above
- LED power and courtesy lights
- large skylight with 2 opening hatches
- 2 opening portholes each side with mosquito nets
- Sofa with storage underneath
- Roman blinds on both port and starboard sides
- carpet floor (wood floor in option)

EN-SUITE WALK IN CLOSET

- Wardrobe on side with hanging bar
- Mirror
- Cabinet with shelves
- Direct LED lights on ceilings
- Carpet
- Roman blinds
- Optional safe box

EN-SUITE BATHROOM

- Large synthetic stone basin
- Tecma WC
- Option: Tecma bidet
- Antislip wooden floor
- Roman blinds
- Mirror and cabinet
- Powered LED indirect light and LED spotlights
- Opening porthole with mosquito net

- Separate shower with :
 - Shower column with central rain shower on the ceiling
 - Optional hydro-massage shower column
 - LED lights on ceiling and in the shower
 - Extractor
- Tempered glass doors with stainless steel frame .

LOWER DECK STAIRS AND CORRIDOR

- Stairs from upper deck:
- Access to the cabins and to the guests head
- Direct LED lights on ceilings
- Opening porthole with mosquito net

GUEST CABINS (PORT AND STARBOARD)

- Twin beds with storage underneath central beds
- Mattress, bedspreads and pillows
- One nightstand in wood with top opening-storage
- Mirrors
- Wall night reading lamps in metal and fabric
- Power LED stripes for un-direct light and LED spotlights
- Wardrobe with wood doors, hanging bar and light
- Starboard cabin: storage with cabinet door under stairs to upper deck + additional storage on the central side
- Roman blinds
- Opening portholes with mosquito nets + fixed hull window
- Carpet

PORT GUEST BATHROOM

- The port guest head can be used as a day toilet with direct access .
- Tecma WC
- Sink in synthetic stone
- Mirror
- Cabinet under the sink
- taps in the shower
- Cabinet over the sink
- Shower with glass and steel door, shower column
- Opening porthole with mosquito net in fixed hull window
- LED spotlights on ceiling and in the shower
- extractor

VIP CABIN

- Large bed with storage underneath +drawers
- Mattress, bedspread and pillows
- Two nightstand with storage
- Wall reading lamps in metal and fabric
- Vanity desk next to the main entrance with top opening storage
- Power LED indirect light and LED spotlights
- 2 portside opening portholes with mosquito nets + fixed hull window
- Side cabinets storage with drawers and cabinet doors
- Roman blinds
- Carpet

VIP BATHROOM

- Rotating frosted glass door
- Tecma WC
- Sink in synthetic stone
- Mirror
- Cabinet above and under the sink .
- taps
- Shower with glass and stainless steel door,
- Shower column with central rain shower
- Opening porthole with mosquito net
- LED spotlights on ceiling and in the shower
- Roman blinds

VIP EN-SUITE WALK IN CLOSET

- Wardrobe on the side with hanging bar
- Mirror
- Cabinet with drawers
- Direct LED lights on ceilings
- Carpet

ELECTRICAL SYSTEM

General characteristics

The whole system has been carried out according to:

- 1) Directive 94/25/CE, amended by 2003/44/CE
- 2) EN ISO 10133:2000 "Small craft – Electrical systems – Extra-low-voltage d.c. Installations"
- 3) EN ISO 13297:2000 "Small craft – Electrical systems – Alternating current installation"
- 4) EN ISO 10134:2003 "Small craft – Electrical devices – Lightning protection systems"
- 5) EN ISO 16147:2002 "Small craft – Inboard diesel engines – Engine-mounted fuel and electrical components"

Voltage system as follows:

- 24V DC with grounded negative for:

- Bilge systems
- Steering systems
- Internal / External lights
- Engine room lights
- Navigation lights
- Electronic management systems
- Navigation systems
- Emergency systems
- Thrusters & Winches
- Other small utilities

230V AC, single phase, 50Hz for:

- Air conditioning systems
- Engine room ventilation
- Galley appliances
- Battery chargers
- Electrical outlets
- Entertainment systems
- Other small utilities

ELECTRICAL PANELS

Main electrical control panels are installed in the:

engine room
main saloon
wheelhouse

Secondary electrical panels are installed in all the areas of the yacht

Wiring / Conduits

Electrical wiring is housed in metal or self-extinguishing closed PVC conduits. Electrical wiring is developed with no flammable materials and with proper cross section related to the use

Ground equipments

- Ground system for all the water intakes, the aluminum structure, steel components, etc...
- Ground system for all the 230V AC equipments
- Lightning protection

The ground system is connected to:

- Stern and under hull zincs
- Porous copper plates under the hull

230V AC Power sources

Shore Power

Two 230V AC, 63A shore inlets placed on stairs hatch

AC power source run to the main electrical panel in the engine room.

Power sources are protected by magneto/thermal breakers

Each shore power line has a multi-meter, to control all the electrical parameters (Volt, Amp, Watt, frequency, reverse polarity)

Generator

Standard 20KW Kohler generator, 230V AC, 50Hz, 12V DC starter, with sound shield box and electronic control panel located in the engine room.

AC power source run to the main electrical panel in the engine room

Power sources are protected by magneto/thermal switches

Generator has a multi-meter that control all the electrical parameters (Volt, Amp, Watt, frequency, reverse polarity)

ELECTRICAL PANELS (SUITE)

230V AC distribution

A double Bus (A,B) that spreads current to all the appliances is provided.
Each appliance is protected by magneto/thermal breakers

24V DC Power sources

Batteries

Group of 24V AGM Mastervolt batteries of 640 Amp for services
Group of 24V AGM Mastervolt batteries of 225 Amp for engines
Group of 24V AGM Mastervolt batteries of 225 Amp for anchor winch and bow thruster
12V AGM Mastervolt battery of 130Amp for generator

Battery chargers

24V 100Amp Mastervolt battery charger for services / engine batteries
24V 30Amp Mastervolt battery charger for anchor winch and bow thruster batteries
12V 25Amp Mastervolt battery charger for generator

Alternators

24V 120Amp alternators connected to service battery, anchor winch and bow thruster battery
2 x 24V 120Amp alternators connected to engine battery
Generator alternator connected to the generator battery

Light System

Engine room

Spot power LED lights 24V DC are installed to the ceiling of the engine room.
Engine room lights are connected to service batteries

Interiors

Internal lights control system with glass soft touch switches

ELECTRICAL PANELS (SUITE)

Master, VIP and Guests cabin:

- Power LED spotlights and strip power LED in the ceiling
- Courtesy strip LED around the bed and under the furniture
- Lights control close to the entrance door and near the bed

Saloon:

- Power LED spotlights and strip power LED in the ceiling with dimmer
- Blue power LED spotlights in the dashboard ceiling (night navigation lights)
- Lights control close to the entrance door and near the cabin and galley stairs

crew:

- Power LED spotlights and strip power LED in the ceiling
- Courtesy strip LED around the furniture and under the bed
- Lights control close to the entrance door

Bathrooms

- Power LED spotlights and strip power LED in the ceiling
- Courtesy strip LED around the furniture
- Lights and shower ventilation control close to the entrance door

Exteriors

- Power LED spotlights and strip power led in the aft cockpit ceiling and in the side walking ceiling
- Courtesy LED spotlights around the floor of the external deck and the floor of the fly bridge
- Power LED spotlights on the radar arch
- Lights control close to the entrance door

ELECTRONICS :

Dashboard & Navigation Instruments *(Due to the continuous updating in the electronics market, the following electronics package may change at any time)*

Hull

N°1 Raymarine DT800 Depth / Temperature transducer

Wheelhouse

2x MAN CLC 8.8 displays for engines monitoring (including voltmeter, engine oil temperature, water temperature, engine revs, gearbox oil temperature, etc)

1x Raymarine gS 120 12" display

2x Raymarine gS 165 15" display (in option)

1x Raymarine I70 display

1x Raymarine P70 display (autopilot)

2x MAN CLC 8.8 displays for engines monitoring (including voltmeter, engine oil temperature, water temperature, engine revs, gearbox oil temperature, etc)

1x Raymarine RMK9 keyboard

Raymarine RAY 240E DSC VHF ,

Maneuvering joystick (optional)

Magnetic compass

Flybridge

2x MAN CLC 8.8 displays for engines monitoring (including voltmeter, engine oil temperature, water temperature, engine revs, gearbox oil temperature, etc)

1x Raymarine gS 120 12" display

2x Raymarine gS 165 15" display (in option)

1x Raymarine P70 display (autopilot)

1x Raymarine I70 display

Raymarine RAY 240E VHF repeater

Maneuvering joystick , option

Magnetic compass

Radar Arch

1x Raymarine wind sensor

1x Raymarine radar antenna radome 4 KW digital

1x Raymarine GPS sensor

Saloon dashboard display

1x12" Raymarine touch screen display
External and engine room temperature indicators
Alarms for bilge system
Fresh , Grey and Black water level indicators and alarms
Fuel level indicators and alarms

Fly dashboard indicators

Acoustic remote alarm
Optical remote alarm

Emergency operation panel

Bilge pump alarm indicator and manual switch
Black and grey water tanks discharge pumps control and alarm indicators
VHF power supply selection

ENTERTAINMENT SYSTEM

Due to the continuous updating on this market, changes may be periodically made to improve or change Home Entertainment products, at any time and without notice.

Saloon (Option):	40" Edge LED full HD TV Home Theatre Bose Lifestyle V-Class
Owner Cabin (Option):	40" Edge LED full HD TV Home Theatre Bose Lifestyle V-Class
VIP Cabin (Option):	32" Edge LED full HD TV
Guest cabins (Option):	22" Edge LED full HD TV
Aft Cockpit:	Two External Loudspeakers (with remote control)
Flybridge:	Two External Loudspeakers (with remote control)

FIRE EXTINGUISHERS

8 x powder 1 kg extinguishers

FEM 200 Seafire system in the engine room with alarm sensor and automatic shut down.

FUEL SYSTEM

2x stainless steel tanks, for a total capacity of 4400 L.

Each tank is provided with stainless steel breather pipe and electric sensor for level monitoring.

Fuel tank levels are visible on the displays at the helm stations and directly on the tank by an optical level.

Fuel filling operation is carried out through inlets placed on each side of deck.

BLACK AND GREY WATER SYSTEM

1x grey water tank with 300 l capacity

1x black water tank with 300 l capacity

Grey and black water tank levels are visible on the screens at the helm stations.

Tank's emptying has automatic or manual outboard through 2 dedicated electric pumps

BILGE SYSTEM

Centralized system with suction in each compartment connected to the main collector positioned in the engine room

220 VAC electric pump with controller in the engine room electrical panel.

Emergency manual pump in the engine room.

5 x 24V automatic bilge pumps.

High capacity emergency bilge pump in engine room through engine sea intakes and water pump.

Bilge level alarm.

FRESH WATER SYSTEM

Fresh water system is fed by 2 tanks (capacity 840 l) or by the shore connection on stern.
Water tank level is visible on the screens at the helm stations.
2x water heaters for a total capacity of 160 l

SEA WATER SYSTEM

4x main bronze sea water intakes with valves and filters: 2 for the engines, 1 for the generators and 1 for general utility.
Standard Chain washing with sea water supplied by an electric pump.

AIR CONDITIONING

Mediterranean version standard 88 000 BTU incl. crew quarters

Engine room

- 2x Cruisair TWC36CK chiller unit 36.000 BTU
- 1x Cruisair P120Z circulation pump
- 1x Cruisair P710Z sea water pump

Interiors – lower deck

- VIP cabin: 2x Cruisair AT6HVZ fan coil unit 6000 BTU
- Port guest cabin: 1x Cruisair AT6HVZ fan coil unit 6000 BTU
- Stbd guest cabin: 1x Cruisair AT6HVZ fan coil unit 6000 BTU
- Master Cabin stbd 1x Cruisair AT9HVZ fan coil unit 9000 BTU
- Master Cabin port 1x Cruisair AT9HVZ fan coil unit 9000 BTU
- Crew cabin: 1x Cruisair AT4FZ fan coil unit 4000 BTU

Interiors – main deck

- Dining area 1x Cruisair AT9HVZ fan coil unit 9000 BTU
- Galley: 1x Cruisair AT9HVZ fan coil unit 9000 BTU
- Helm station 2x Cruisair AT12HVZ fan coil unit 12000 BTU

AIR CONDITIONING (SUITE)

Tropical version optional 97 000 BTU incl. crew quarters

Engine room

- 2x Cruisair TWC36CK chiller unit 48.000 BTU
- 1x Cruisair P120Z circulation pump
- 1x Cruisair P710Z sea water pump

Interiors – lower deck

- VIP cabin:
 - 1x Cruisair AT6HVZ fan coil unit 6000 BTU
 - 1x Cruisair AT9HVZ fan coil unit 9000 BTU
- Port guest cabin: 1x Cruisair AT9HVZ fan coil unit 9000 BTU
- Stbd guest cabin: 1x Cruisair AT6HVZ fan coil unit 6000 BTU
- Master Cabin stbd 1x Cruisair AT18HVZ fan coil unit 12000 BTU
- Master Cabin port 1x Cruisair AT12HVZ fan coil unit 9000 BTU
- Crew cabin: 1x Cruisair AT4FZ fan coil unit 4000 BTU

Interiors – main deck

- Dinign area 1x Cruisair ATV9HVZ fan coil unit 9000 BTU
- Galley: 1x Cruisair AT9HVZ fan coil unit 9000 BTU
- Helm station 2x Cruisair AT12HVZ fan coil unit 12000 BTU

AIR CONDITIONING (SUITE)

Extra tropical version optional 124 000 BTU incl. crew quarters

Engine room

- 3x Cruisair TWC36CK chiller unit 36.000 BTU
- 1x Cruisair P120Z circulation pump
- 1x Cruisair P710Z sea water pump

Interiors – lower deck

- VIP cabin:
1x Cruisair AT6HVZ fan coil unit 6000 BTU
1x Cruisair AT12HVZ fan coil unit 12000 BTU
- Port guest cabin: 1x Cruisair AT9HVZ fan coil unit 9000 BTU
- Stbd guest cabin: 1x Cruisair AT9HVZ fan coil unit 9000 BTU
- Master Cabin stbd 1x Cruisair AT9HVZ fan coil unit 18000 BTU
- Master Cabin port 1x Cruisair AT6HVZ fan coil unit 12000 BTU
- Crew cabin: 1x Cruisair AT4FZ fan coil unit 4000 BTU

Interiors – main deck

- Dinign area 1x Cruisair AT9HVZ fan coil unit 9000 BTU
- Galley: 1x Cruisair T9HVZ fan coil unit 9000 BTU
- Helm station :
1x Cruisair AT18HVZ fan coil unit 18000 BTU
1x Cruisair ATV18HVZ fan coil unit 18000 BTU

VENTING AND EXTRACTION SYSTEM

Interiors ventilation

Centralized system for toilet air extractors. Each toilet is equipped with 220V AC electric extractors with dedicate control.

Galley extractor

Engine Room Ventilation

Engine room ventilation system:

- 2x electrical DC ventilators
- 2x electrical DC extractor

Engine room ventilation system control is connected to the engine keys.

INSULATION

Hull and deck sandwich lamination together with absorbent, sound-proofing and heat insulation materials guarantee high level of noise reduction and thermal insulation.

Interiors ceilings and floorings are soft mounted through vibration absorbers materials and system in order to maximize vibrations and noise reduction. Complete noise and thermal insulation of engine room through insulation materials, covered with perforated aluminum finishing walls.

ADDITIONAL EQUIPMENT SUPPLIED AS STANDARD

6 mooring ropes , 22 mm diameter x 20m length

8 fenders, with PRESTIGE YACHTS fender covers, 300mm diameter x 1.000 m length

1Dishware, glassware and cutlery for 8 people

Towel sets for bathrooms, with PRESTIGE YACHTS logo

Owner's manual.

Anti-fouling bottom paint

INTERIOR FINISH

3 different proposals

All proposals have been developed using engineered wood for all furniture in saloon, cabins and bathrooms.

Mat varnish wood and fabrics/leather have been used for the details.

Ceilings and walls are covered with technical fabrics.

Bathrooms and galley top are made of synthetic stone.

The lower deck floors are covered with carpet as standard (engineered wood in option for the owner cabin). The main deck saloon floor is made of carpet (engineered wood as option)

The saloon furniture top is finished with decorative glass.

All fabrics are chosen in a valuable range using two 3D textures.

Wood, leather, textiles and all the materials are thought to convey the feeling of a unique atmosphere of colours and lights.

1st proposal

Dark Oak style interior finish

Optional wood flooring in Wengé style

2nd proposal

Tay style interior finish

Optional wood flooring in Lati style

3rd proposal:

Walnut style interior satin finish

Optional wood flooring in cerused oak style
